A dark, low-key photograph of a diverse crowd of people, mostly young adults, all looking down at their smartphones. The scene is dimly lit, with the primary light source being the screens of the phones, which cast a soft glow on the users' faces. The people are of various ethnicities and ages, creating a sense of a global, interconnected community. Before partnering with us, the brand hovered around ₹7k/month. CPMs were rising, conversion rates were weak, and growth had stalled.

We restructured campaigns with fresh creatives, tested a ₹1,499 entry offer, and used cost-cap bidding. This lifted conversion and dropped CPMs, unlocking new scale.

Within 4 weeks, revenue jumped to ₹4.88L/month while margins improved moving from stagnation to healthy, reinvestable growth.

This women's fashion brand was struggling to scale while maintaining ROAS. Growth had slowed around ₹9L/month, with rising CPMs and unstable conversion rates.

By rebuilding the ad structure, testing high-performing creatives, and optimizing campaigns with cost caps, we stabilized performance while scaling volume.

Within a single cycle, the brand nearly doubled monthly revenue to ₹17L, with healthier ROAS and stronger retention for the next scale phase.

This Gen-Z focused T-shirt brand was in its testing phase, struggling to scale beyond small volumes.

By identifying the winning audience and scaling aggressively the following month, we unlocked exponential growth while keeping efficiency intact.

In just one cycle, revenue skyrocketed from ₹12.9L to ₹112.8L proving the power of testing and scaling to the max.

This jewellery brand was stuck around ₹20L/month despite steady demand. CPMs were rising and growth had stalled, leaving little room for profitability.

We stepped in with structured scaling — consolidating campaigns, testing creatives, and building a stronger media mix around winning audiences.

Within just one month, revenue jumped 4.5× to ₹88L, order volume crossed 7,500+, and the brand finally broke out of its stagnation phase.

This cosmetic brand was struggling to scale beyond a plateau of ~₹25L/month. Ad costs were rising, audiences were saturated, and growth stalled despite strong repeat buyers.

We revamped the ad funnel with fresh creatives highlighting hero products, built high-converting landing pages, and tested new audiences for beauty/wellness enthusiasts.

In just one month, sales skyrocketed to ₹85L+, orders grew 3.9×, and traffic jumped 5×. The brand successfully transitioned from breakeven to scaling profitably.

COSMETIC BRAND · BREAKOUT SCALE

A low-angle, upward-looking shot of several modern skyscrapers with glass facades. The buildings converge towards the top of the frame, creating a strong sense of height and scale. The sky is visible in the center, filled with soft, white clouds against a pale blue background. The overall image has a slightly desaturated, professional feel.
